In Museum News.....A camera exhibit entitled "Popular Photography" is nearing completion in the permanent exhibit gallery of the Museum. This case will include materials donated by Mr. Hank Locklin, Mr. Frank Luttrell, Mrs. Thomas E. McMillan, Mr. and Mrs. Oscar Wynn, and Mr. John Cross. The interpretive focus of the exhibit will be the evolution of popular "hobby" photography during the 1890-1950 period.

The Museum is seeking the temporary use of photographs of downtown Brewton during its past for photographic purposes. We are working with the Downtown Brewton Association in its renovation efforts in the business district and copies of old photographs of Brewton will assist in these efforts.
