

We are all interested in History, Preservation and Restoration. The meeting of the Escambia County Historical Society this month will focus on these interests. The Society will meet September 28, 1982 at 7:00 p.m. in the McMillan Museum, at JDJC, Brewton, Alabama. This is our regular session. Cathy Marcinko will give the program. A Master's Degree graduate of Auburn University, Miss Marcinko is the director of the downtown Brewton renovation and preservation project through the Mainstreet U.S.A. program and the Downtown Brewton Association. Cathy will explain the work she is doing and what is in progress for accomplishment in the business district of Brewton in terms of that area's preservation, restoration, and beautification.
